

**par 3
Nine Hole**

Disk Golf Courses Rules

- Respect the Nature Area and other Nature Area users (especially our local Gophor Tortois living comfortably at hole 6)
- Pedestrians always have the right-of-way
- Have a clear fairway before you throw
- Be still and quiet when other players throw
- Do not damage the plants or trees
- Use the trash cans for litter
- No more than four players per hole

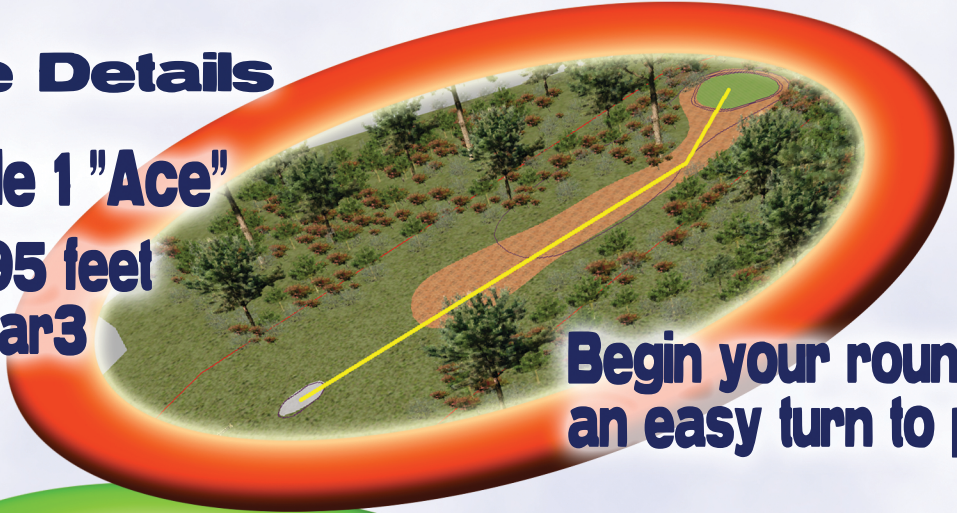

To Play Disk Golf

Disk Golf is played like traditional golf, make your first throw from the tee area. Throw again from where your disc comes to rest, allowing players farthest from the basket to throw first. Keep throwing until your disc comes to rest in the basket. Count one stroke for each throw. If your disc lands across any out-of-bounds area, make your next throw from the last place your disc was in-bounds and add one-stroke penalty.

Disk Rental at Liberty Center 850-623-7274

Hole Details
